

Communt Sept-8

Dear Sis: The circulars in
regard to mutilated silver coin
recd. with thanks; but the in-
formation I wished was, are old
U. S. copper worth more than
their face value? or, how much?
I am informed the mint paid
\$2 per pound for them.

I have tried ever since their
issue to get possession of a new
nickle, the redeemed pattern,
without the word cents.

Can you send me one?

Dear Sir:

The circulars in regard to mutilated silver coin recd. with thanks; but the information I wished was, are old U.S. coppers worth more than their face value? Or, how much? I am informed the mint paid \$2 per pound for them.

I have tried ever since their issue to get possession of a new nickel, the redeemed pattern, without the word cents.

Can you send me one?
